WORK HISTORY

2014 - 2021 Maternity leave - During this period I started to learn HTML and CSS from W3Schools - online platform.

DATA ENTRY and PROJECT COORDINATOR
Intexim SRL
Ramnicu Valcea, Romania
2/2001 - 12/2011

- Worked on many large scale projects, as well national and with other EU countries concerning digitization of textual resources and documents.
- My responsibilities as data entry included OCR (optical character recognition) correction, documents indexing and correction.
- After progressing to project coordinator, my duties were: staff training, behavioral and emotional support to the team members to enable positive work outcomes, helping the management with projects' implementation and coordination, with a particular focus on high quality work and meeting the deadlines.

HOBBIES

I love painting and drawing, it's a way to relax through colors and shapes.
I also enjoy solving sudoku or crossword - it's exciting find the solution!
Travel gives me the opportunity to dive in and to learn about different cultures and people.
